Product number BML-9860-STKD-376-3385-9007

Product description

Module with attached socket - Mennekes 3385 - CEE 16A 5p 400V

The modular socket module is the ideal addition for modular socket columns and enables a flexible, needs-based configuration of the power distribution. It was specifically designed for use in ORDO socket columns.

The socket module is designed for easy installation. It is inserted into the designated module receptacle of the socket column and securely fixed there. The considered construction allows for quick exchange of individual modules, thereby reducing downtime and enabling efficient extensions.

Attached socket - CEE 16A 5p 400V. Protection class IP 44 (splash-proof).
