Product number 382XU-VA-7W-100

Product description

7-unit 4x2 stainless steel recessed letterbox system BASIC Plus 382XU UP - brushed stainless steel - 7 households

Modern recessed letterbox for 7 households - made in Germany by Briefkasten Manufaktur.

The letterbox is made entirely of V2A stainless steel, brushed. The very high-quality workmanship and the well-thought-out design make this recessed letterbox one of our top sellers. A rain-drip edge for optimal water protection, a continuous rubber lip for quiet posting, the solid interchangeable nameplate, a practical mail retention bar and the very robust lock characterise this recessed letterbox. The recessed frame of V2A stainless steel is fitted with a foam rubber seal and guarantees very high durability.

The letterbox systems of the BASIC Plus collection are distinguished by the consistent use of V2A stainless steel. The result is very high longevity and sustainability. The construction has been developed by our own engineers with regard to high flexibility/modularity, easy spare-part assembly and uncomplicated self-installation. Spare parts are directly available for all BASIC Plus systems.

- 7-unit recessed letterbox system completely made of V2A stainless steel 1.4301, 240-grit brushed finish.
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape; large letters fit in here without folding.
- Insertion flap with noise-damping rubber seal for very quiet posting of mail.
- The door opens from left to right.
- Includes 2 keys with key number, interchangeable nameplate (Type 2) under the insertion flap and mail retention bar.
- Large capacity through optional mailbox depth +50 mm = approx. 17 l. Suitable for businesses and households with very high mail volume.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, 240-grit brushed finish.

Important information:

Mail is only protected from moisture and dirt when fully inserted and the flap is closed. Under certain extreme weather conditions, water may still enter (according to DIN EN 13724 up to 1 cm³). This is not grounds for a complaint.

Product properties

Series	BASIC
Boxes by volume	Normal > 10 litres
