BASIC letterbox with 3 parcel boxes and illuminated lettering – flush-mounted – choice of RAL colour

Product number BML3D-RPCQA13Z6V

Product description

Letterbox system with parcel reception and illuminated lettering – thoughtful design for your entrance

The BASIC Horizontal system from Briefkasten Manufaktur welcomes you and your visitors with a clean, uncluttered design. Its modular construction brings your selected functions together in a clearly arranged solution that can be tailored to your everyday needs. The BASIC series offers versatile combinations of letterboxes, accessory boxes and function boxes for a coordinated entrance area. The system is designed for flush mounting and provides a letterbox for everyday post. It also incorporates 3 parcel boxes for parcel deliveries.

The system is finished in your choice of RAL colour and has overall dimensions of W 1162 × H 716 × D 403 mm.

Select “Configure now” to open this exact configuration in the 3D configurator. You can then customise the system further and place your order.

Individually configurable

Tailor your letterbox system to your home: select “Configure now” to adapt this configuration to your preferences.

- Box finish: customise the colour in the 3D configurator using the colours available for this version.
- Personalised lettering: customise the designated areas with your own names, house numbers or chosen text. Any lettering shown is an example and can be replaced.
- Lettering style: choose from the fonts available for lettering and adjust the appearance in the configurator.
- Backlit lettering can be configured on the designated areas of this system.
- Features: add or change compatible components from the selection available for this system.

When you make individual changes, the dimensions and price are recalculated in the 3D configurator to reflect your selection.

Wall trim frame

The flush-mounted system is fitted with a wall trim frame made from 1,5 mm thick V2A stainless steel. The frame covers the transition between the installation opening and the wall surface, providing a neat finish.

Extra space for parcels, newspapers and more

As a parcel box, this compartment adds parcel reception to your mail facilities, even when you are not at home. The selected BASIC series parcel lock with T-handle allows deliveries without giving the courier a key. You use your key to release the compartment for a single delivery. The courier opens the released compartment, places the parcel inside, closes the door and pushes the lock in to secure it. To collect your parcel, open the compartment with your key, then release it again for the next delivery. Until then, it is not available for further keyless deliveries. The external box dimensions are 370 × 550 × 385 mm (W × H × D), 370 × 330 × 385 mm (W × H × D) and 370 × 220 × 385 mm (W × H × D). The clear door opening and usable internal dimensions determine which parcel sizes will fit; the external dimensions do not indicate the maximum parcel size. Please check the parcel size against the compartment’s internal dimensions in advance.

Materials and workmanship

Base material: V2A 1.4301 stainless steel. V2A stainless steel provides a corrosion-resistant, durable foundation for your entrance area.

The powder-coated surface is finished in your choice of RAL colour. Select your preferred colour in the 3D configurator.

Letterbox and ease of use

Letterbox 370 × 550 × 385 mm: includes a rainwater run-off edge for optimum protection against water, a continuous rubber lip for quiet posting, a sturdy replaceable nameplate and a highly robust lock. The posting height and a narrowing of the chute nevertheless protect your post against unauthorised removal.

Features

BASIC plastic nameplate, type 2: nameplate made from crystal-clear polycarbonate. The insert can be replaced from the front.

Features of this letterbox system

- Product range: BASIC Horizontal
- Installation: flush mounting
- Finish: choice of RAL colour
- Overall dimensions: W 1162 × H 716 × D 403 mm
- 1 letterbox, 1 function box, 3 accessory boxes
- Box finish: choice of RAL colour
- Base material: V2A 1.4301 stainless steel. Finish: powder coating or brushed stainless steel

Important information:

Protection against water: a sheltered location, ideally beneath a canopy, helps protect your post. Mail should be pushed fully inside and the letter flap should be closed.

Installation: check the mounting surface and installation conditions against the overall dimensions and installation instructions.
