10-unit 5x2 designer flush-mounted mailbox system GOETHE UP - RAL colour of your choice | 100mm depth | with 10 mailboxes

Product number 215-UP-10-100

Product description

10-unit 5x2 Design flush-mounted mailbox system GOETHE UP - RAL colour of your choice

High-quality 10-unit flush-mounted mailbox system. The modern GOETHE mailbox is ideal for sophisticated entrance areas. The clean, linear design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large aperture ensures that DIN C4 envelopes and magazines — and post received after several days' absence — are not creased. The innovative push-key lock is hidden inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock has been designed so that the retrieval door prevents your post from falling out towards you. The internal drip edge ensures that the mail is optimally protected from the elements. The inlet flap is equipped with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather. The interchangeable Plexiglas nameplates can be accessed conveniently from the front; for optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an 'Advertising Yes/No' insert.

The GOETHE collection mailbox systems are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model according to DPMA file reference DE: 20 2021 101 679.5

- 10-unit flush-mounted mailbox system made entirely from stainless steel.
- Mailboxes made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with 2 keys per unit.
- Mail is inserted and retrieved from the front. Inlet flap fitted with high-quality hinge dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Aperture size (3.5 cm x 36.0 cm) for C4 landscape — large envelopes fit without bending.
- Retrieval doors open from top to bottom. This prevents the mail from falling out towards you.
- Plexiglas nameplate for name labelling and a second nameplate with an 'Advertising Yes/No' insert per unit.
- Plaster cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information:

To achieve optimal protection of your mail from water, the mailbox or mailbox system should, wherever possible, be located under an overhang.

Mail is only protected from water if it is placed fully inside the box and the inlet flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
