

# BRENTANO® design letterbox pedestal - RAL of your choice | ? Colour of your choice

**Product number** 803-STL-RAL

## Product description

### BRENTANO® designer letterbox pedestal - RAL colour of your choice

The BRENTANO® letterbox column combines modern design with maximum functionality without a visible lock and elegant labelling of the house number and name. Manufactured from the highest quality materials and powder-coated, this letterbox not only offers a stylish eye-catcher for your home, but also long-lasting quality. The clear design language and precise workmanship make the BRENTANO® letterbox a timeless solution for the highest demands. Thanks to its robust construction, it is particularly weather-resistant and reliably protects your mail. Ideal for anyone who values a perfect combination of design and function.

The generous dimensions of the BRENTANO® design letterbox allow a capacity of approx. 20 litres, which means that larger items such as DIN C4 envelopes or magazines can also be accepted without creasing - even after several days of absence. Top-loading ensures convenient handling. The letterbox is also equipped with dampers that ensure the flap closes gently and quietly. The innovative push-key lock, which is concealed inside, allows the door to be opened without turning the key - simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the removal door prevents the mail from falling towards you when opening. Made of stainless steel, galvanised steel, aluminium and powder-coated, this letterbox pedestal is particularly durable and has a high-quality finish.

The unique one-hand operating concept with the push-key lock, available exclusively from Briefkasten Manufaktur Lippe, makes it particularly easy to use: you can open the letterbox, remove the post and close it again with just one hand. Protected by a utility model (DPMA file number DE: 20 2021 101 679.5), this innovation offers real added value.

Thanks to the design, self-assembly is straightforward.

- High-quality manufactured letterbox pillar, powder-coated in the colour of your choice.
- Quality production - Made in Germany
- Innovative push-key lock including 2 keys with key number. Convenient locking without a key.
- Letterbox body made of 1.5 mm galvanised steel.
- Removal door made of stainless steel V2A 1.4301 with opening limiter, can be opened from top to bottom. The retaining plate prevents mail from falling towards you.
- Mail is inserted from above.
- Throw-in flap with opening limiter. In addition, high-quality dampers ensure that the flap closes quietly and gently.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape, even large letters fit in here without creasing.
- Includes self-adhesive and engravable name plate.
- Optional name labelling approx. 20-30 mm high.
- Optional house number labelling approx. 80-100mm high.
- Letterbox pillar made of 3mm aluminium AlMg3 W19 with 3mm base plate made of stainless steel V2A 1.4301 for screw mounting.

### Important information:

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is completely placed in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

## Product properties

<b>Material</b>	Steel, galvanised, Aluminium AlMg3 W19, Stainless steel V2A 1.4301
<b>Surface/colour</b>	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
<b>Series</b>	BRENTANO
