Product number 381-7016VA-3-100

Product description

3-post 2x2 free-standing letterbox system design BASIC 381 ST-R - stainless steel RAL 7016 anthracite grey optionally with rain cover & newspaper compartment

Modern free-standing letterbox for 3 parties made in Germany by Briefkasten Manufaktur.

The letterboxes are made of galvanised steel, powder-coated in anthracite grey RAL 7016, the stand elements and insertion flap are made of weather-resistant stainless steel V2A, polished. The very high-quality workmanship and the well thought-out concept make this letterbox system our top seller. A rain drainage edge for optimum water protection, a double-edged throw-in flap with rubber buffer, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this free-standing letterbox. This letterbox is easy to clean and robust.

Thanks to the design, self-assembly is uncomplicated.

The design of your entrance area will be perfect if you combine it with the self-adhesive stainless steel house number (not included, see accessories).

- **3-post letterbox made of galvanised steel, powder-coated in anthracite grey RAL 7016**
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, large letters also fit in here without creasing.
- Insertion flaps made of V2A stainless steel, polished with noise-absorbing rubber buffers for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the flap and post holder per letterbox.
- Optional newspaper compartments, at the back, open on both sides, made of galvanised steel, powder-coated in anthracite grey RAL 7016.
- Large capacity thanks to optional letterbox depth +50 mm = approx. 17 litres. Suitable for companies and households with very high mail volumes.
- Includes close-fitting rain cover for optimum weather protection.
- The stand elements are made of 42.4 mm V2A stainless steel 1.4301, polished for screw mounting or setting in concrete.

Important information:

The post is only protected from moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water can still get in (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
