

# Design letterbox pedestal GOETHE 1400 - RAL of your choice | without newspaper compartment | with 1 letterbox

Product number 215-STL-140

## Product description

### Design letterbox pedestal GOETHE 1400 - RAL of your choice

The modern GOETHE letterbox pedestal is ideal for the sophisticated entrance area. The linear design without a visible lock makes this letterbox look particularly elegant.

The dimensions of the individual box allow for a capacity of approx. 16 litres, while the large slot guarantees no crumpled mail, even with DIN C4 envelopes and magazines or after several days of absence. The innovative push-key lock is concealed inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the arrangement of the lock, this letterbox is designed in such a way that the removal door prevents the mail from falling towards you. The water drainage edge ensures that the mail inside is optimally protected from the weather. The insertion flap is fitted with high-quality axle dampers, guaranteeing quiet closing and preventing annoying rattling caused by the weather.

The letterbox systems in the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

#### Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality letterbox pillar made of stainless steel and aluminium.
- Quality production - Made in Germany by Briefkasten Manufaktur Lippe.
- Letterbox (BH 400x400mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL of your choice.
- Innovative push-key lock with 2 keys.
- Mail is inserted and removed from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 across, even large letters fit in here without creasing.

- Functional box (BH 400x200mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL of your choice with stainless steel laser labelling or illuminated labelling.
- Optimum rain protection thanks to rain guard edges and a rain roof made of 3mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Side cladding made of 3mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Rear panel and base plate made of 6mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Invisible fastening in the column thanks to reinforced base plate. The overall height is 1.42 m.

## Important information

## Water protection

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is completely placed in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

## Product properties

<b>Surface/colour</b>	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
<b>Series</b>	GOETHE
<b>Material</b>	Aluminium AlMg3 W19, Stainless steel V2A 1.4301, Stainless steel 1.4016 (non-rusting magnetic stainless steel)
<b>Mounting type</b>	Free-standing
<b>House number</b>	House number as laser engraving
<b>Name labelling</b>	Laser-engraved
<b>Removal of mail</b>	On the front
<b>Number of letterboxes</b>	with 1 letterbox
<b>Boxes by volume</b>	Large > 16 litres
