Product description

6-point surface-mounted letterbox system Design BASIC Plus 385 XA 220 - stainless steel - RAL colour of your choice

Modern letterbox with extra large letterboxes for 6 parties made in Germany by Briefkasten Manufaktur.

The letterbox system is made entirely of V2A stainless steel, powder-coated in RAL colour. This letterbox system is characterised by a close-fitting side cladding with rain roof and the rain drainage channels for optimum water protection, a throw-in flap with rubber lip, the solid interchangeable nameplate and the robust lock. This letterbox is easy to clean and robust.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- · 6-point surface-mounted letterbox system made entirely of V2A stainless steel, powder-coated in RAL colour
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letterboxes made of V2A stainless steel, powder-coated in RAL colour comply with DIN/EN 13724. Insertion size (3.5 cm x 26.5 cm) for C4 high, large letters also fit in here without creasing.
- Insertion flaps made of V2A stainless steel with sound-absorbing rubber lip for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number and changeable name plate under the flap for each letterbox.
- With close-fitting side panelling and rain cover in solid design.
- For easy 1-2 person wall mounting with mounting rail incl. fixing material (screws + wall plugs).

Important information:

The post is only protected from moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water may still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
