

Design flush-mounted newspaper box GOETHE UP - polished V2A stainless steel

Product number 215-ZFUP-VA

Product description

Design flush-mounted newspaper box GOETHE UP - polished V2A stainless steel

The modern flush-mounted GOETHE newspaper box is ideal for sophisticated entrance areas. The linear design makes this newspaper box look particularly elegant.

This newspaper box is particularly convenient as the newspaper can be inserted completely. This means that the newspaper is protected from the weather and can be inserted without creasing. The water drainage edge ensures that the mail inside is optimally protected from the weather. The insertion flap is equipped with a high-quality stop damper to guarantee quiet closing. To remove the mail, the flap is simply opened upwards and the newspaper is conveniently removed.

The letterbox systems in the GOETHE collection are characterised by the consistent use of stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Newspaper box with powder-coated body and cover/frame made of stainless steel V2A 1.4301, 240 grit polished.

- Plaster cover frame made of stainless steel angle profile 25 x 58 mm made of stainless steel V2A 1.4301, 240 grit polished.

Important information:

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is fully inserted in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, Brushed
Series	GOETHE
Material	Stainless steel V2A 1.4301, Stainless steel 1.4016 (non-rusting magnetic stainless steel)
