COMELIT intercom set 1-12 users | 4 items

Product number 1299-KS-A-4

Product description

COMELIT intercom set 1-12 users with door station 6750W + audio loudspeaker 1621 + 2-wire power supply 1210

COMELIT intercom sets are simply connected using 2-wire technology. This means that the existing wiring can be used and there are no additional costs for new wiring and plastering or painting work. Simply lay 2 wires from the new power supply unit in the meter cupboard to the built-in loudspeaker in the function box of the letterbox system and 2 wires from the power supply unit to the door station in the flat. DONE.

++ Ideal for remodelling and renovation, as existing doorbell cables are used
++ no additional work for plastering and painting
++ low costs due to simple installation
++ simple commissioning

Door station 6750W

Mini Audio Handsfree with hands-free function is available in the version for surface mounting and has numerous functions such as a door release button, setting the ring tone volume and ring tone switch-off with red LED display when the function is active. Mini Audio Handfree can be used to switch relays optionally connected to the system or for internal communication. Dimensions: 140 mm x 140 mm x 20 mm (WD)
