Product description

2-post fence mailbox freestanding design BASIC Plus 381XZ ST-R with bell box for intercom - polished stainless steel - removal from the rear

High-quality fence mailbox including bell box for 2 parties made in Germany by Briefkasten Manufaktur.

The successful BASIC collection as a fence letterbox. Mail is inserted from the front, residents can remove the mail from the back.

The letterbox is made entirely of stainless steel V2A 1.4301, 240 grain polished. The very high-quality workmanship and the well thought-out concept make this free-standing letter box our top seller. A rain drainage edge for optimum water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this free-standing letterbox. The side panelling with protruding rain cover made of V2A stainless steel offers optimum protection against the weather and guarantees a very long service life.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.

Water protection

The mail is only protected against moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water can still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
