

1 free-standing letterbox system Design BASIC - Edition NELLY - BI-Color VA-RAL 7016 anthracite grey | with 1 letterbox

Product number 384P-7016VA-1

Product description

Free-standing letterbox system Design BASIC - Edition NELLY - BI-Color VA-RAL 7016 anthracite grey

"Everything begins with longing." - Nelly Sachs

Experience a combination of outstanding quality and modern design with the Edition NELLY free-standing letterbox system. Manufactured in Germany, this letterbox system consists of high-quality stainless steel V2A and letterboxes made of galvanised steel, powder-coated in the elegant RAL colour 7016 anthracite grey. The careful workmanship and well thought-out concept make it one of our best-selling products.

The NELLY letterbox system offers numerous advantages that make everyday life easier and keep mail safe. A rain drainage edge ensures optimum water protection, while the continuous rubber lip enables quiet insertion. The solid interchangeable nameplate, the practical post holder and the robust lock guarantee a high level of functionality and security.

The solid uprights of the system, made of 2 mm thick stainless steel V2A 1.4301, impress with their elegant, flush-mounted design and provide a stable base. They are available either for setting in concrete or for screw mounting, with optional cover rosettes for a perfect finish.

The system complies with DIN/EN 13724 standards and offers a generous insertion size of 3.5 cm x 32.5 cm, so that even large letters can be inserted without creasing. The polished stainless steel flaps are fitted with a noise-absorbing rubber seal, which ensures quiet and convenient posting. Each letterbox system is supplied with 2 keys, a changeable nameplate and a post holder for each letterbox.

A special highlight is the rain cover, which can be customised with your own lettering. This elegant and unique display of your street name and/or house number gives the system a personal touch and is also easy to maintain.

Every NELLY letterbox system is manufactured in our factory in Germany with the utmost precision and care. The products from Briefkasten Manufaktur stand for German quality workmanship and durability. Invest in the NELLY free-standing letterbox system and benefit from a functional and aesthetic design that fits perfectly into modern residential complexes.

- High-quality free-standing letterbox, powder-coated in RAL 7016 anthracite grey fine structure matt.
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letterboxes are made of galvanised steel and comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, even large letters fit in here without creasing.
- Insertion flaps made of stainless steel V2A 1.4301, 240 grit polished with noise-absorbing rubber seal for very quiet mail insertion.
- The doors can be opened from left to right.
- Incl. rain cover made of V2A stainless steel, powder-coated, optionally with your lettering.
- Incl. 2 keys with key number, changeable name plate under the flap and post holder per letterbox.
- The pillars are made of W 20 mm x D 100 mm stainless steel V2A 1.4301, powder-coated for setting in concrete or screw mounting. Optional cover rosettes.

Important information:

The post is only protected against moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water can still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
