

# Design stainless steel letterbox SCHILLER MEDIUM Elegance II - house number - name - RAL of your choice | Door hinge left \* Lock right

**Product number** 138E2-VARS-SR

## Product description

### Design stainless steel letterbox SCHILLER MEDIUM Elegance II with handle bar - house number - name - RAL of your choice

Our absolute top seller since 2006. We have been manufacturing the SCHILLER MEDIUM letterbox from high-quality V2A stainless steel since 2006. In the new Elegance design line, this letter box shines in a modern look.

High-quality stainless steel designer letterbox for wall mounting with front panel made of 1.5 mm stainless steel in RAL fine structure, matt powder-coated. The lettering of the house number and name in stainless steel looks very elegant and modern. This letterbox is solidly manufactured and the base material is made entirely of stainless steel. This ensures optimum rust protection.

The dimensions allow for a capacity of approx. 12 litres, and the insertion from above guarantees no crumpled mail, even with DIN C4 envelopes and magazines or after several days of absence. This wall letterbox is designed so that you can keep your hands free when opening it, and the internal structure prevents mail from falling towards you. By inserting the mail from above, the mail inside is optimally protected from the weather. The lid is secured with rubber buffers to prevent annoying rattling.

The SCHILLER MEDIUM letterbox comes with a matching newspaper compartment in the same colour and shape. See accessories.

- High-quality stainless steel design letterbox for wall mounting.
- Body made of 1.25 mm stainless steel, powder-coated in RAL colour fine structure, matt.
