

# 12 6x2 design surface-mounted letterbox system GOETHE AP - RAL of your choice | 100mm depth | with 12 letterboxes

**Product number** 215-AP-12-100

## Product description

### 12 6x2 design surface-mounted letterbox system GOETHE AP - RAL of your choice

High-quality manufactured 12-party surface-mounted letterbox system. The modern GOETHE letterbox is ideal for the sophisticated entrance area. The linear design without a visible lock makes this letterbox look particularly elegant.

The dimensions of the individual boxes allow for a capacity of approx. 16 litres, while the large slot guarantees no crumpled mail, even with DIN C4 envelopes and magazines or after several days of absence. The innovative push-key lock is concealed inside the letterbox. The key is simply inserted into the existing opening (no turning necessary) and the door opens. With the arrangement of the lock, this letterbox is designed in such a way that the removal door prevents the mail from falling towards you. The water drainage edge ensures that the mail inside is optimally protected from the weather. The insertion flap is fitted with high-quality axle dampers, guaranteeing quiet closing and preventing annoying rattling caused by the weather. The interchangeable Plexiglas name plates can be conveniently operated from the front; for an optimum look, we recommend the flush-fitting name plate with laser engraving (see accessories). The 2nd nameplate is fitted with a Yes/No advertising insert.

The surface-mounted letterbox systems in the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

#### Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 12-point surface-mounted letterbox made of stainless steel and aluminium.
- Quality production - Made in Germany by Briefkasten Manufaktur Lippe.
- Letterboxes made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys per party.
- Mail is inserted and removed from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 across, even large letters fit in here without creasing.
- Removal doors open from top to bottom. This prevents the mail from falling towards you.
- Plexiglas nameplate for name labelling and 2nd nameplate advertising yes/no per party.
- Optional house number labelling approx. 100-150 mm high.
- Optimum rain protection thanks to rain run-off edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Side cladding made of 3mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Incl. mounting rail for wall mounting.

#### Important information:

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is fully inserted in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

## Product properties

<b>Surface/colour</b>	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
