

Socket outlet with residual current circuit breaker

Product number 1246-3120-EWB-53-STR-6

Product description

6x socket outlet with internal residual current circuit breaker for charging batteries.

- With increased touch protection.
- Water-protected.
- Surface-mounted SCHUKOMAT in accordance with VDE 0664
- 2-pole switched off (P,N)
- Without PE monitoring.
- Rated residual current 30 mA.
- Mains frequency: 45...60 Hz
- With outgoing terminals for connecting and protecting downstream SCHUKO socket outlets.
- Rated voltage: 230 V~
- Rated current: 16 A
- Protection class device: IP 44
- Temperature range of device: -25 °C - 40 °C
- Protective measure in accordance with VDE 0100, can be verified or tested using the Profitest 0100S test device, for example.
- Connection terminals approved as connection terminals in accordance with VDE 0620-1.
- SCHUKO® socket outlet Safety+ with shutter (increased contact protection in accordance with VDE 0620)
- RAL colour number: 7035
