

Design free-standing letterbox GOETHE LIB with newspaper compartment - LED design element - RAL of your choice | with newspaper compartment | with 1 letterbox

Product number 215-LIB-1-ZF

Product description

Design free-standing letterbox GOETHE® LIB with newspaper compartment - LED design element - RAL of your choice

High-quality, free-standing letterbox with newspaper compartment and elegant stainless steel rectangular tube stand incl. LED design element. The modern GOETHE® letterbox is ideal for the sophisticated entrance area. The linear design without a visible lock makes this letterbox look particularly elegant.

The dimensions of the individual box allow for a capacity of approx. 16 litres, while the large slot guarantees no crumpled mail, even with DIN C4 envelopes and magazines or after several days of absence. The innovative push-key lock is concealed inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the arrangement of the lock, this letterbox is designed in such a way that the removal door prevents the mail from falling towards you. The water drainage edge ensures that the mail inside is optimally protected from the weather. The insertion flap is fitted with high-quality axle dampers, guaranteeing quiet closing and preventing annoying rattling caused by the weather.

The letterbox systems in the GOETHE® collection are characterised by the consistent use of stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts for all GOETHE® systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Free-standing letterbox with rectangular tube stand element and stainless steel letterbox.
- Quality production - Made in Germany by Briefkasten Manufaktur Lippe.
- Flat LED lighting unit as a design element. LED 3000 K 395x100 mm x 5 mm, IP65 2 metre supply cable 24 Volt, 10 Watt, Plexiglas edges satinised incl. LED power supply unit
- Letterbox (BH 400x400mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys.
- Mail is inserted and removed from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 across, even large letters fit in here without creasing.
- Removal door opens from top to bottom. So the mail cannot fall towards you.
- Newspaper compartment (BH 400x200mm) made of stainless steel 1.4016 (stainless magnetic stainless steel), powder-coated in RAL colour of your choice with stainless steel laser inscription "ZEITUNG" (font ARIAL, if name/house number, then same as your chosen font).
- Newspaper compartment can be opened from bottom to top.
- Optional name lettering approx. 15-20 mm high.
- Optional house number lettering approx. 70-80mm high.
- Optimum rain protection thanks to rain run-off edges.
- The pedestal is made of 2mm stainless steel rectangular tube, powder-coated in RAL colour with 6mm base plate for screw mounting.

Important information:

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is fully inserted in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
