

5er 1x5 design letterbox GOETHE MDW with nameplate - RAL of your choice | 390-560mm depth | with 5 letterboxes

Product number 215-MDW-5S-560

Product description

5-piece 1x5 design GOETHE MDW mailbox with nameplate - RAL of your choice

The modern 5-post GOETHE wall letterbox is ideal for the sophisticated entrance area. The linear design makes this letterbox look particularly elegant. Thanks to the variable shaft length between 300mm and 390mm or 390mm to 560mm, this letterbox can be used in almost all types of masonry.

The dimensions of the individual boxes allow a capacity of approx. 24-44 litres, and the large insertion slot guarantees no crumpled mail, even with DIN C4 envelopes and magazines or after several days of absence. Thanks to the water drainage edge, the mail inside is optimally protected from the weather. The insertion flap is fitted with high-quality axle dampers, guaranteeing quiet closing and preventing annoying rattling caused by the weather. The interchangeable Plexiglas name plates can be conveniently operated from the front; for an optimum look, we recommend the flush-fitting name plate with laser engraving (see accessories). The 2nd nameplate is fitted with a Yes/No advertising insert.

The letterbox systems in the GOETHE collection are characterised by the consistent use of stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 5-compartment letterbox made entirely of stainless steel.
- Shaft made of 1.4016 stainless steel (magnetic stainless steel), bright.
- Body made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality production - Made in Germany by Briefkasten Manufaktur Lippe.
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape, large letters also fit in here without creasing.

- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- Variable shaft length 300-390mm or 390-560mm. External dimensions of letter slot W 380 mm x H 180 mm.
- External dimensions front W 450mm x H 1050mm; rear W 450mm x H 1050mm.

Important information:

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is fully inserted in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
