Product number 527-R-UP-2-V-GI106

Product description

Stainless steel front panel for flush-mounted installation of GIRA System 106 - 2-gang prepared - RAL of your choice

This cover is used for flush-mounted installation of the GIRA System 106. The Gira System 106 can be used seamlessly in a flush-mounted design. The preparation is intended for 2 GIRA 106 system modules. The modules can be flush-mounted using the simple mounting system (GIRA surface-mounted housing 5502910 required!).

- Front panel made of 2 mm stainless steel V2A 1.4301, powder-coated in RAL colour of choice.
- Invisible fixing with bolts on the back.
- Recommended cut-out dimensions: H 255mm x W 145mm x D 50mm.
- **WITHOUT GIRA system components!**

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.
