Product number 562-AP-SPR-1-VA-LOX2

Product description

Design letterbox GRIMM® - A masterpiece of letterbox manufacturing

The GRIMM designer surface-mounted letterbox combines modern design with first-class workmanship - ideal for discerning building owners and architects looking for an elegant solution for integrating LOXONE Intercom. Manufactured from high-quality stainless steel and completely "Made in Germany" by the letterbox manufacturer Lippe, this model stands for durability, functionality and stylish appearance. The polished front panel made of 2 mm stainless steel V2A (1.4301) impresses with its timeless appearance and high corrosion resistance. The flush-mounted design enables seamless integration of up to two LOXONE system modules (not included) via a sophisticated mounting system. The preparation is intended for 1 piece LOXONE Intercom (incl. perforation for sound outlet) + 1 piece LOXONE NFC Code Touch/Touch Pure.

The GRIMM® letterbox is not only a visual highlight, but also at the forefront in terms of functionality and quality. Thanks to the innovative push-key lock, the letterbox can be operated easily and conveniently with one hand. Open the door with one push and close the door without using a key. The lock is optimally protected from the weather. The letterbox also offers an intelligent removal system: the door opens from top to bottom, ensuring that the mail remains securely in the box and cannot fall towards you. Mail is also conveniently inserted from the front, with high-quality axle dampers ensuring that the flap closes gently. The GRIMM is particularly unique thanks to its double box system: the surface-mounted body made of polished V2A stainless steel (#####) is installed first, while the cover can be inserted once the installation work is complete. The offset cover also offers optimum protection against rain and other environmental influences.

Thanks to the DIN/EN 13724 standard, the GRIMM is ideal for large letters in C4 format, which can be inserted without creasing. The GRIMM® letterbox impresses with its durable quality, timeless design and sophisticated functionality.

- High-quality letterbox made entirely of stainless steel for surface mounting.
- Front panel made of 2 mm stainless steel V2A 1.4301, polished.
- Quality production - Made in Germany by Briefkasten Manufaktur Lippe.
- The LOXONE Intercom can be seamlessly integrated into the flush-mounted design and replaced at any time. The preparation is intended for 1 piece LOXONE Intercom (incl. perforation for sound outlet) + 1 piece LOXONE NFC Code Touch/Touch Pure. WITHOUT LOXONE Intercom/system components!
- Innovative push-key lock including 2 keys with key number, convenient locking without key, optimally protected from the weather.
- The removal door with opening limiter opens from top to bottom to prevent mail from falling towards you.
- Front mail slot with high-quality axle dampers for very quiet mail insertion.
- DIN/EN 13724-compliant letterbox, insertion size (3.5 cm x 32.5 cm) for C4 landscape - even large letters remain intact. Additional stainless steel removal protection integrated.
- Optimum weather protection thanks to offset cover.
- Double box system: Ideal for surface mounting. The cover can be easily installed once the construction work is complete.
- Surface-mounted box made of 2 mm stainless steel V2A 1.4301, polished.

Important information:

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is fully inserted in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Series	GRIMM
Functions	Camera, Intercom, Fingerprint, Keypad
Functional box prepared for manufacturer	LOXONE
Material	Stainless steel V2A 1.4301, Stainless steel 1.4016 (non-rusting magnetic stainless steel)
House number	House number as laser engraving
Name labelling	Laser-engraved
Removal of mail	On the front
Number of boxes	with 1 letterbox
Surface/colour	Brushed
Boxes by volume	Large > 16 litres
Mounting type	Surface-mounted

Dimensions

Height of single box in mm	460,0
Width of single box in mm	410,0
Capacity in litres	26,0
Height of letterbox slot in mm	35,0
Width of letter slot in mm	325,0
Height of letterbox in mm	External dimension 750.0 installation dimension 710.0
Width of letterbox system in mm	External dimension 450.0 installation dimension 410.0
Depth in mm	150,0
Weight in kg	19
Delivery condition	Delivery is assembled
