

# 2-post letterbox KANT Edition with newspaper compartment - Elegance 1 design - RAL 9007 grey aluminium | RAL 9007 grey aluminium fine structure matt | with 2 letterboxes (1x2)

**Product number** 303-9007VA-STQ-2

## Product description

### 2-post letterbox KANT Edition with newspaper compartment - Design Elegance 1 - RAL 9007 grey aluminium

The KANT Edition 2-post letterbox combines **elegant design** and functional convenience in one product. Its minimalist design with invisible lock and stylish labelling option fits seamlessly into modern living environments. You can rely on **long-lasting quality** thanks to our excellent choice of materials and precise workmanship.

The generous capacity of around 12 litres and top-loading ensures crease-free mail - even with DIN C4 envelopes and magazines. For added convenience, the letterbox is equipped with **high-quality axle dampers** that allow the flap to close gently and quietly. The newspaper compartment of this letter box offers maximum functionality with double-sided posting, ideal for modern everyday life. The scope of delivery includes a cover that can be retrofitted, giving you the option of reliably closing the weather side.

Thanks to the design, self-assembly is uncomplicated.

- High-quality 2-post letterbox with letterbox made of galvanised steel, powder-coated in RAL 9007 grey aluminium fine structure matt.
- Elegance 1 design: stainless steel trim, 240 grit polished.
- The doors open from top to bottom.
- Insertion from above, insertion flaps with high-quality axle dampers for silent closing.
- Includes 2 keys with key number per party.
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 33.5 cm) for C4 landscape, large letters also fit in here without creasing.
- Newspaper compartments (BH 360x110mm) made of galvanised steel, powder-coated in RAL 9007 grey aluminium fine structure matt. Open on both sides (1x cover included).
- Optional name lettering approx. 8-25mm high.
- Optional house number lettering approx. 60-80mm high.
- The pillars are made of 40 mm x 40 mm stainless steel V2A 1.4301, polished for setting in concrete or screw mounting.

#### Important information:

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is completely placed in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

## Product properties

|                        |                                 |
