

House number PREMIUM Design 691 - Base plate RAL colour - House number stainless steel - 1-digit | 1-digit | ground plate made of powder-coated stainless steel | ? Colour of your choice

Product number 691-1-RALVA-RAL

Product description

House number PREMIUM Design 691 - 1-3 digits - BI-Color

Choosing the right font is crucial for a house number. Optimum legibility is the top priority. However, the house number is also an important design element. An elegant base plate with an attached house number ensures optimum legibility. Fixing is done with plugs and screws, which are included. The screw heads are concealed with the enclosed cover caps made of polished V2A stainless steel.

Made in Germany, manufactured in Bad Salzuflen

- 1-3-digit house number with base plate made of V2A stainless steel, powder-coated and/or polished.
- The number is easily attached to the wall using the screws and plugs supplied.
- Incl. 4x screw cover caps made of V2A stainless steel, polished so that the screws for fixing the front plate are not visible. See pictures.
- Digit height 11 cm. Font: "Arial". The font height refers to the height of the characters. Individual characters may deviate from this due to the font. This is a typographical standard and does not constitute a defect.
- Base plate made of 1.5 mm stainless steel V2A 1.4301. Dimensions W 135 mm x H 360 mm.
- House number plate made of 2 mm stainless steel V2A 1.4301. Dimensions W 75 mm x H 300 mm.
