

Stainless steel design letterbox KÄSTNER - Design line "ONE" in RAL of your choice

Product number 227OR-A

Product description

Stainless steel design letterbox KÄSTNER - Design line "ONE" in RAL of your choice

Exclusive design letterbox for wall mounting with front panels in RAL fine structure, matt and design element made of stainless steel. This letterbox is solidly manufactured and the base material is made entirely of stainless steel. This ensures optimum rust protection. The structure also provides optimum water protection.

The dimensions allow for a capacity of approx. 13 litres, and the insertion from above guarantees no crumpled mail, even with DIN C4 envelopes and magazines or after several days of absence. This wall letterbox is designed so that you can keep your hands free when opening it, and the internal structure prevents mail from falling towards you. By inserting the mail from above, the mail inside is optimally protected from the weather. The letterbox is weatherproof and watertight. The lid and slot are secured with a rubber seal to prevent annoying rattling and water ingress.

- **RESTPOST**

- Design wall letterbox with front panels made of 2 mm stainless steel, powder-coated in RAL fine structure of your choice, matt.
- Body and flap made of 1.5 mm stainless steel V2A, brushed.
- Insertion from above, C4 horizontal. Even large letters fit in here without creasing.
- Throw-in flap made of V2A 1.4301 stainless steel, polished with built-in damping element for very quiet closing.
- The insertion opening is fitted with a high-quality rubber seal all round.
- The removal door is also protected against moisture with sealing elements.
- With door hinged on the left (lock on the right).
- The letterbox complies with DIN/EN 13724.
- High-quality, sturdy lock, incl. 2 keys with key number on the side.
- Incl. water protection plate/floor grating, so your mail always stays dry.
- Incl. post retaining plate, so your post doesn't fall towards you.
- Optional name labelling, laser-engraved approx. 10-25 mm high.
- Optional house number labelling, laser-engraved approx. 50-60 mm high.
- Incl. stainless steel fixing material (plugs + screws) & cleaning cloths.
