

Stainless steel design letterbox DESIGNER Style BIG powder-coated in RAL 7016 anthracite grey fine structure matt | RAL 7016 anthracite grey, fine structure, matt | Surface-mounted box 100mm for wall mounting

Product number 523-B-VAR-AP100-7016

Product description

Stainless steel design letterbox DESIGNER Style BIG powder-coated

High-quality surface-mounted or flush-mounted letterbox from Briefkasten Manufaktur. A real eye-catcher among the letterboxes. Clear lines and no-frills design characterise the Style BIG designer letterbox. With its flush-fitting design, this letterbox is ideal for sophisticated living situations. With an extra large volume (up to 31 litres) for very large volumes of mail and an extra large flap for inserting newspapers.

Our products have a high quality, reliable functionality and their own identity. Made by Briefkasten Manufaktur.

- Designer stainless steel surface-mounted or flush-mounted letterbox made of 2 mm V2A stainless steel. Front panel powder-coated in RAL colour, textured matt.
- 21 litre volume, with optional letterbox depth up to 31 litre capacity.
- No visible screws or rivets.
- Front mail removal door 350 mm x 300 mm, opens from top to bottom. Incl. 2 keys with key number.
- Mail slot from the front, dimensions: W 35 cm x H 6.3 cm, C4 landscape. Very large letters and newspapers fit in here without creasing.
- **Now with built-in damping elements that allow the flap to close slowly and quietly.**
- Front panel dimensions: W 45 cm x H 55 cm x D 0.2 cm. ATTENTION: The front panel protrudes by 2 cm all round, even with surface-mounted boxes.
- Rear dimensions: W 41 cm x H 51 cm x D 10 cm / 15 cm.
- Plaster box made of galvanised steel. Surface-mounted box made of stainless steel V2A, ground on all sides without visible screw connection.
- Plaster box with pre-punched cable inlets on all sides.
- Optional name labelling, laser-cut approx. 10 mm high.
- Optional house number labelling, lasered approx. 100 mm high.
- Internal water protection plate.
- Incl. mounting aid.

Important information

Water protection

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is fully inserted in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to penetrate the letterbox. It is therefore necessary to plan sufficiently dimensioned letterboxes for the upcoming requirements. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Series	DESIGNER
Functions	Newspaper compartment
Material	Aluminium AlMg3 W19, Stainless steel V2A 1.4301
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey
