**Product number** 515B-R-2-KSDB21-AP100Z

## Product description

### 2-piece stainless steel letterbox designer model BIG with DoorBird D2100E video intercom - RAL of your choice

High-quality letterbox from Briefkasten Manufaktur in extra-large format. Integrated DoorBird IP video door station D2100E. The DoorBird IP Video Door Station D2100E is the smart solution for your entrance door. The IP video door station can be operated as a stand-alone unit or integrated into an existing smart home platform. Existing, classic installations such as a door chime or an electric door and gate opener can also continue to be used with DoorBird and controlled via the app.

This is a real eye-catcher among letterboxes. Clean lines and no-frills design characterise the designer letterbox. Our products have a high quality, reliable functionality and their own identity. Made by Briefkasten Manufaktur. The DoorBird was not only invented and developed in Germany, but is still produced in Berlin today. At DoorBird, "Made in Germany" is not just a seal, but a philosophy that is lived and breathed. The IP video door stations are manufactured in the DoorBird factory to guarantee the highest quality, durability and customer satisfaction.

- 2 party stainless steel letterbox made of 2 mm stainless steel V2A 1.4301, front panel powder-coated in RAL colour of your choice. Also available as a surface-mounted version.
- Front mail removal door 350 mm x 300 mm, opens from top to bottom. Incl. 2 keys with key number per party.
- Mail slot from the front, dimensions: W 35 cm x H 6.3 cm, C4 landscape. Very large letters fit in here without creasing. Attention, no removal protection!

Surface-mounted box for wall mounting with rear perforation, surface-mounted box for fence mounting without perforation (must be provided by customer). ATTENTION: The front panel also protrudes 2 cm all round on surface-mounted boxes.
- Plaster box made of galvanised steel. Surface-mounted box made of stainless steel V2A, ground on all sides without visible screw connection.
- Plaster box with pre-punched cable inlets on all sides.
- Optionally with house number, backlit in white incl. EVN LED power supply unit / transformer IP65 12V/DC 0.1-4W for LED illumination of the house number.
- Incl. DoorBird IP video door station D2100E with 2 illuminated buttons installed.

## Important information

Camera or intercom preparation

**The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.**

## Water protection

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is fully inserted in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to penetrate the letterbox. It is therefore necessary to plan sufficiently dimensioned letterboxes for the upcoming requirements. Under certain extreme weather conditions, water can still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
