Product description

Stainless steel letterbox design BASIC 381 ST-R

High-quality stainless steel free-standing letterbox made in Germany by Briefkasten Manufaktur.

The complete letterbox system is made of weather-resistant, polished stainless steel. The very high-quality workmanship and the well thought-out concept make this stainless steel letterbox system our top seller. A rain drainage edge for optimum water protection, a double-edged throw-in flap with rubber buffer, the solid interchangeable nameplate, a practical post retaining bracket and the very robust lock characterise this stainless steel letterbox system.

Thanks to the design, self-assembly is straightforward.

- Letterbox made of weather-resistant stainless steel, polished.
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letter box complies with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, large letters also fit in here without creasing.
- Insertion flap with noise-absorbing rubber buffers for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the flap and post holder for each letterbox.
- Large capacity thanks to optional letterbox depth +50 mm = approx. 17 litres. Suitable for companies and households with very high mail volumes.
- Includes close-fitting rain cover for optimum weather protection.
- The stand elements are made of 42.4 mm stainless steel, polished for screw mounting or setting in concrete.

Important information:

The post is only protected from moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water may still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.

Stainless steel V2A must be maintained regularly and should not be used in salty areas. We recommend our maintenance oil for cleaning and care. See accessories.
