Buzón de valla de acero inoxidable BASIC Plus 382XZ con caja de timbre - RAL a elegir - extracción por detrás | ? Color a su elección | Por encima de | con 1 buzón

Product number 382XAZ-1-SP-O

Product description

Stainless steel fence letterbox BASIC Plus 382XZ with bell box - RAL of your choice - rear removal

High-quality fence letterbox with bell box for intercom system (optional camera) from Briefkasten Manufaktur. Mail is inserted from the front, residents can remove the mail from the back. The letterbox can be attached to your fence using the optional bar mat attachment; if this is not selected, the letterbox should be fitted and perforated on site by your fence builder. The complete fence letterbox is made of weather-resistant stainless steel V2A 1.4301, powder-coated in a RAL colour of your choice. A rain drainage edge for optimum water protection, a throw-in flap with rubber buffer, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this stainless steel letterbox.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- **Fence letterbox made of stainless steel V2A 1.4301, powder-coated in RAL colour**
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letter box complies with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, large letters also fit in here without creasing.
- Insertion flap with sound-absorbing rubber seal for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number, interchangeable nameplate (type 2) under the flap and post holder.
- Incl. side cladding + rain cover made of V2A stainless steel, powder-coated in RAL colour.
- **Intercom bell part made of V2A stainless steel, powder-coated in RAL colour**
- Intercom hole with universal adapter. (Intercom system/ built-in loudspeaker not included in scope of delivery). Also available without speech perforation.
- Universal adapter is suitable for all commercially available built-in loudspeakers (Siedle, Ritto, TCS, Busch-Jäger, Gira, Legrand Bticino, ELCOM, Auerswald, Comelit and many more).
- Round stainless steel bell push button type: Grothe Protact, max. 24 V AC/DC, 1.5 A, IP 54 (pressure force limitation).
- Anti-vandalism - The nameplate is indentation-proof and impact-resistant, the plastic is flame-retardant.
- Suitable for fence mounting, fixing holes must be provided by the customer. Optionally with bar mat holder.

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.

Water protection

The mail is only protected against moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water can still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
