Product description

Pedestal letterbox design BASIC Plus 381X ST-R with closed newspaper compartment - RAL of your choice

The BASIC free-standing letterbox with closed newspaper compartment, operated with a toggle lock. So the newspaper always stays dry!

The entire letterbox and the newspaper compartment are made of weather-resistant stainless steel V2A 1.4301. The very high-quality workmanship and the well thought-out concept make this free-standing letterbox our top seller. A rain drainage edge for optimum water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this free-standing letterbox. The side panelling with protruding rain cover made of V2A stainless steel offers optimum protection against the weather and guarantees a very long service life.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.
