Descripción del producto

Stainless steel video door station DESIGNER 529S Elegance I - RAL of your choice - Comelit VIDEO complete set

This simple yet elegant doorbell plate blends seamlessly into the building façade. The front plate made of stainless steel V2A 1.4301 in the colour of your choice is mounted on a 5 mm stainless steel frame and stands out slightly from the house wall. The Comelit video intercom system is an innovative solution with functions such as face recognition, voice commands and operation via smartphone app. Completely pre-programmed for easy installation - connect 2 wires and DONE! Optionally with gateway without home station or with WiFi home station.

Our products have a high quality, reliable functionality and their own identity. Made by Briefkasten Manufaktur.

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.

Water protection

To achieve optimum water protection, the door station should be located under a canopy if possible.
