## Description du produit

### Modular waste bin box BASIC 751V1 - RAL of your choice - 120-240 litres

High-quality modular waste bin box with square tube stand elements made entirely of stainless steel, powder-coated. This bin box impresses with its extremely long service life and solid construction - made in Germany.

If you are looking for an elegant solution for storing waste bins near a property, then this stainless steel waste bin box is the answer. Whether in the garden, on the driveway or in the yard - the unattractive bins disappear in a bin enclosure. The closed panelling conceals the waste bins placed behind it. The actual purpose of the bin box is not visible, as the bin box blends harmoniously into the overall architecture when used with other architectural elements (fence, letterbox, house number, etc.) from Briefkasten Manufaktur. The waste bin enclosure is suitable for all standard household waste bin sizes (120-240 litres).

This waste bin enclosure is also available as a parcel compartment with a parcel lock. Please ask us about this.
