

Free-standing fence letterbox Design BASIC Plus 381XZ ST-R - polished stainless steel | Stal nierdzewna, polerowana | z 1 skrzynką na listy

Numer artykułu 381XZ-VA-S1

Opis produktu

Free-standing fence letterbox Design BASIC Plus 381XZ ST-R - polished stainless steel - removal from the rear

High-quality free-standing fence letterbox made in Germany by Briefkasten Manufaktur.

The successful BASIC collection as a fence letter box. Mail is inserted from the front, residents can remove the mail from the back.

The letterbox is made entirely of stainless steel V2A 1.4301, 240 grain polished. The very high-quality workmanship and the well thought-out concept make this free-standing letter box our top seller. A rain drainage edge for optimum water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this free-standing letterbox. The side panelling with protruding rain cover made of V2A stainless steel offers optimum protection against the weather and guarantees a very long service life.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- Free-standing fence letterbox made of stainless steel V2A 1.4301, 240 grain polished.
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letter box complies with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, large letters also fit in here without creasing.
- Insertion flap with sound-absorbing rubber seal for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number, interchangeable nameplate (type 2) under the flap and post holder.
- Incl. side panelling + rain cover made of stainless steel V2A 1.4301, 240 grain polished.
- The stand elements are made of 42.4 mm V2A stainless steel 1.4301, polished for screw mounting or setting in concrete.

Important information:

The post is only protected from moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water can still get in (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.

Właściwości produktu
