Numer artykułu 381XZ-2S

Opis produktu

2er 1x2 fence mailbox free-standing design BASIC Plus 381XZ ST-R - RAL of your choice - removal from the back

High-quality free-standing fence mailbox for 2 parties made in Germany by Briefkasten Manufaktur.

The letterboxes are made of stainless steel V2A, powder-coated in RAL colour, the stand elements are made of weather-resistant stainless steel V2A, polished. The very high-quality workmanship and the well thought-out concept make this free-standing letterbox our top seller. A rain drainage edge for optimum water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this free-standing letterbox. The side panelling with protruding rain cover made of V2A stainless steel offers optimum protection against the weather and guarantees a very long service life.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- **2-post letterbox made of V2A stainless steel, powder-coated in RAL colour**
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, large letters also fit in here without creasing.
- Insertion flap with sound-absorbing rubber seal for very quiet mail insertion.
- The door can be opened from left to right.
- Incl. 2 keys with key number, interchangeable nameplate (type 2) under the flap and post holder.
- Incl. side cladding + rain cover made of V2A stainless steel, powder-coated in RAL colour.
- The stand elements are made of 42.4 mm V2A stainless steel 1.4301, polished for screw mounting or setting in concrete.

Important information:

The post is only protected from moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water may still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
